# Why TORLYS Smart Laminate? Protection & Performance

Unequalled realism. No gapping guaranteed.

## Why TORLYS Smart Laminate?

- A transparent overlay of extremely wear resistant melamine resin and aluminum oxide that is warranted for up to 35 years.
- The Uniclic® Joint resists ugly gapping. No other joint outperforms Uniclic® Joint. Lexington Laminate utilizes Uniclic® Joint and TORLYS SmartClic end joint technologies.
- 
- The Smart Core is ultra dense and engineered to be extremely dent resistant.
- Move It and Re-use It – every TORLYS Smart Laminate floor can be disassembled and re-used in another room or home.

## Starts Beautiful, Stays Beautiful

The result is a beautiful laminate floor created with minimal environmental impact. TORLYS Smart Laminate is easy to install and maintain, and designed for long-lasting beauty.

## Bulldog™ Easy Plank Replacer – A Floor’s Best Friend

TORLYS Bulldog™ Easy Plank Replacer allows you to:

- Replace a damaged plank, not your entire floor – just ask your TORLYS retailer to replace damaged or dented planks using the TORLYS Bulldog™ Easy Plank Replacer. No glue. No nails. No staining.
- Fix major mishaps quickly and easily.

Contact your TORLYS retailer for details.

## Minor Fix-Ups

TORLYS offers touch-up kits for minor scratches.

# TORLYS Smart Laminate Superior Performance Built-In

No Gapping, Warping or Cupping.

## Smart Uniclic® Joint Technology

- Constant lower lip pressure creates the tightest joint.
- Tested to withstand extraordinary joint stress—more than 1,000 lbs of pressure per linear yard is needed to pull apart two TORLYS planks.

- Milled to 1/1000 of an inch for the most exacting fit.

## Smart Core

- TORLYS ultra-dense, compressed Smart Core resists denting.
- Other floors may dent visibly more than TORLYS.

## Most Swell Resistant

- Tested in water for 24 hours, TORLYS floors outperform. While ordinary floors can swell 20% or more, TORLYS Smart Floors register as low as 6%.
- Lowest swell rates prevent ugly raised edges and reduce chipping.

# Finishing Touches

## Coordinating Accessories

### Mouldings and Trims

TORLYS laminate floor requires a transition moulding to cover the expansion gap mandatory in floors wider or longer than 15 meters and at doorways.

#### Incizo 5-in-1 Moulding

A Reducer, T-Moulding, Square Nose and Flush Stair Nosing in ONE profile. Dimensions: 2150mm long, 48mm wide

#### Flush Stair Nosing Included in Incizo 5-in-1 Moulding

Improved to now include flush mount stair nosing.

- A T-Moulding** – used to adjoin two floors of identical height.
- B Reducer** – used to transition two different floor heights.
- C Square Nose** – used to transition to carpet.
- D Square Nose** – edge moulding used to conceal the expansion gap around the perimeter of the room.
- E Flush Stair Nosing** – stair-edge seamless trim moulding for installation of laminate on staircases. Clicks flush into your laminate floor, thus eliminating the overlap of traditional stair nosing. An Aluminium Sub-Base is required for the Flush Stair Nosing installations. Incizo can also be used for non-flush installations on landings.

### Laminate Maintenance

TORLYS recommends Natural Glow® Eco-Friendly Maintenance Kit for easy maintenance. It's biodegradable, easy on the environment, and makes every TORLYS Laminate Floor spotless.

#### TORLYS Natural Glow® Eco-Friendly Cleaning Kit

TORLYS eco-friendly cleaning products are biodegradable (with no VOCs) and fragrance free. Clean your floor as required with this easy-to-use kit.

#### Maintain Humidity in Your Home

TORLYS smart floors are natural products. Use a humidifier or dehumidifier to regulate humidity (30 – 60%) and minimize expansion and contraction. This is required to preserve your floor.

## Breakthrough Technology. Superior Underlay.

### Now all TORLYS Underlays feature antimicrobial protection to help prevent mould and mildew!

Choosing the correct underlay for your new TORLYS Laminate is crucial for the protection of your flooring, your warranty and to enhance the warmth and comfort of your new laminate.

#### TORLYS Safe and Sound (5-in-1 Foam Underlay)

TORLYS Safe and Sound reduces the sound of steps, eliminates "hollow" sounds and keeps floors quiet. TORLYS Safe and Sound features a built-in vapour barrier and a 75mm self-adhesive strip as well as antimicrobial protection to help prevent mould and

mildew, making it a perfect choice for basements and installations over concrete sub-floors.

#### TORLYS Acoustik (4-in-1 Foam Underlay)

TORLYS Acoustik has superior impact sound insulation properties (IIC-rated), ideal for highrise installations where the transfer of sound from one apartment to the one below is a concern. TORLYS Acoustik also features a vapour barrier and a 75mm self-adhesive strip as well as antimicrobial protection to help prevent mould and mildew.

#### TORLYS 3-in-1 Foam Underlay

This foam underlay provides cushion and step-sound reduction for your TORLYS

Laminate floor. It includes a vapour barrier with a 75mm self-adhesive strip to ensure your entire floor is protected from sub-floor moisture, and antimicrobial protection to help prevent mould and mildew.

#### TORLYS CorkPlus™ Underlay

TORLYS CorkPlus™ Underlay is a superior natural insulator with long-lasting performance. An environmentally friendly product, TORLYS CorkPlus™ Underlay offers natural air-cushioning for comfort, sound step absorption and thermal insulation, and contains Microban® antimicrobial protection that helps prevent mould and mildew.

# Everything You Need to Know

## Frequently Asked Questions

### What makes TORLYS Laminate floors different than other floors?

- 1 Laminate Layers.** Multiple layers compose each laminate plank in order to look and feel like real wood and create greater durability – all at an affordable price.
  - A** A backing layer provides a moisture barrier and added stability.
  - B** Patented Uniclic® Joint - The most advanced, gap-resistant joint system available today.
  - C** Real wood-like textures featuring natural designs.
- D** A top finishing layer to ensure your floor stays beautiful year after year.
- 2 Smart Technology.** Like all TORLYS Smart Floors, a unique production process ensures an environmentally friendly floor. These floors are made in Europe and North America. Its North American produced Laminate floors contain no less than 74% recycled and fast growing softwood from managed forests for this state-of-the-art high density Smart Core.

- 3 No harmful VOCs.** These floors help you create a healthier home as they contain no harmful VOC emissions and exceed California Indoor Air Quality standards, among the most stringent in the world.

### Can I put Laminate Floors anywhere in my house?

TORLYS Laminate is an engineered product, well-suited for installation anywhere in your home; below grade, over concrete and even over existing floors. Depending on the application, different underlays will be required. Ask your local TORLYS retailer for more information on different applications and what you may require.

### What is the Uniclic® Joint?

The Uniclic® joint is a patented joint guaranteed to resist gapping, warping and cupping. (Some floating floors promote their joint systems, but if it doesn't say Uniclic®, it's not the same.) The patented Uniclic® is integral to TORLYS Laminate. During installation, it

doesn't require messy glues or chemicals, or nails of any kind. Uniclic® creates a remarkably stable and gap-resistant floor, and because the click joint process is reversible, the floor can be re-used up to 3 times under warranty.

### How do I maintain my laminate floor?

TORLYS Laminate requires the same maintenance as all other TORLYS floors. Simply vacuum or sweep your floors once a week or as needed. To clean your floors, use TORLYS Natural Glow® Eco-Friendly Maintenance Kit once a week or as needed. Clean up any spills with a cloth.

### What is the TORLYS Bulldog™ Easy Plank Replacer?

Only TORLYS offers you the Bulldog, a tool that allows you to repair any plank in your floor, even if it's in the middle of

your room, with no power tools and little dust or noise. Ask your TORLYS retailer for details.

### Can I install my Laminate floors myself?

TORLYS uses the patented Uniclic® joint, a glue and nail-free joint system that ensures a great-looking floor and makes installation easy. All you need is a saw, hammer, installation kit, tape measure, pencil and some time to install your floor. There are also professional installers. Ask your local TORLYS dealer for more details on installation.

### Can I order samples of TORLYS floors?

You may order samples from any TORLYS dealer. Visit [torlys.co.nz](http://torlys.co.nz) to find a dealer near you.
