Specially Designed Mouldings

Flush Reducer:

Made from the same top layer as your floor, this reducer is designed specifically for EverWood/EverTile and will install flush with the flooring.

Flush Stair Nosing:

Made from the same top layer as your floor, the floor is clicked into the nosing for a flawless look, without transition bumps.

ThinStip T-Moulding:

A unique, extreme low profile transition moulding with a 1mm edge that is colour matched to the floor with a polyurethane coating for extra wear resistance. It is bendable for height variations between floors and uses a self-adhesive strip for easy installation.

TORLYS BULLDOG™ Easy Plank Replacer

"Your Floor's Best Friend"

The Bulldog allows you to:

- Fix major mishaps quickly and easily.
- Replace a damaged plank or tile, not your entire floor.

TORLYS dealers can easily replace damaged or dented pieces. No glue. No nails. Contact your TORLYS retailer for details.

SmartTape

EverWood & EverTile can be installed more easily than other floating vinyl floors using TORLYS Smart Tape. Installation against a brick wall, fireplace hearth or a curved surface like a staircase is never an issue – with Smart Tape the first rows can be anchored in place to stop any movement, making installation easy.

Long Lasting Beautiful Floors.

Staying Beautiful is Easy.

- Dust mop (with a non-treated, clean mop) or vacuum regularly. For spills and loose soil, simply wipe with cloth or sponge.
- Clean as required with TORLYS Natural Glow® Eco-Friendly Cleaning Kit.
- Only use TORLYS maintenance products. Never use wet mops, highly acidic or alkaline cleaners, non-recommended commercial cleaners or polishes, or a treated mop that has been used to clean other floors or furniture.
- Use floor-protector pads on furniture feet. Protect your floor from hard castors on moveable furniture.
- Use caution when wearing high heels as they can dent flooring of any style and keep your pet’s nails trimmed.
- Use entryway (non-skid cotton) mats to capture tracked-in-dirt and soil, and clean them regularly. Rubber or fiber-backed mats may stain floor finish.

TORLYS Natural Glow® Eco-Friendly Cleaning Kit
TORLYS recommends Natural Glow® for easy maintenance. It’s biodegradable (with no VOCs), fragrance free, easy on the environment, and makes every TORLYS EverWood & EverTile floor spotless. Clean your floor as required with this easy-to-use-kit. Kit contains one ready-to-use bottle of cleaner plus one bottle of concentrate, enough to clean your floor for several years.
